For the purpose of this contest, the only hashtag tracked will be #rp2018. Feel free to use other hashtags in your post, but if it does not contain #rp2018, it will not be counted for a raffle entry.

When tagging us, make sure you tag one of the accounts below. These are the only accounts that will be tracked for the raffle entries. If you do not tag an account on this list, you will not receive an entry.

Other Notes

1. You must register to be considered for the contest (even if you share social media posts)
2. In addition to registering, you must also attend at least one event or share one post in order to be considered for the challenge (we want you to participate and help spread the word!)
3. If you use our hashtag, your posts must be public (if they're not, we can't see them...)
4. For logistical purposes, we will not be counting Snapchat stories as part of this contest. That said, feel free to check out our Snapchat account and use our geofilter.
5. Don't make fake accounts or automate posts. We will be manually checking the selected winners' accounts, and if we believe an account was created for the sole purpose of gaining an unfair number of entries, we will select a new winner.
6. There is a limit of one prize per person.
